36. V. NARAYANASAMY : Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether representatives froia.Swit zerland, Australia, U.K. and the U.S.A. representing Missile Techno'ogy Control Regime (MTCR) met recently in Delhi; and

(b) if so, the details about the con clusions reached at this meeting?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI R. L. BHATIA): (a) and (b). Yes, Sir. An MTCR Quad team consisting of the representatives of Switzerland, U.S., U.K. and Australia visited India on 30 August, 1994 for discussions. The exchange of views was useful and enabled both sides to obtain a better understanding of each other's positions. A copy of the press statement issued after the discussion is given as Statement.

STATEMENT

SPOKESMAN'S STATEMENT

Over ihe last few years, the MTCR has started to hold consultations with other countries with an advanced scientific and industrial base. Early this year, it expressed an interest in holding discussions with the Government of India, with a view to briefing us about the nature of the regime.

Go•erument agreed to the visit. The MTCR is represented by a Quad, led by me current Chairman, Ambassador Rolf Jekar of Switzerland, other members are irom US, UK and Australia, the Indian delegation was led by Shri Deb Mukher-ji, Additional Secretary in the Ministry of External Affairs and included senior officials from a number of concerned Departments .

This is part of consultations that Gov-ernment holds with other Governments and organisations on matters of mutual interest. There was an exchange of views. It was not the intention to reach agreements or negotiate any understandings.

This first exchange of views has been both useful and comprehensive. Government of India will consider further discussions $_{w}$ith the MTCR if the need arises.

Compensation to India soldiers andn doctors died in UN peace keeping operations in Somaia

37. SHRI GOVIND RAO ADIK: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) what is the amount of compensation being paid to the families of Indian soldiers and Doctors who died on peace keeping duties in Somalia;

(b) whether the compensation is at par with what is being given to the famine; from Western countries in similar circumstances; and

, (c) if not, what action Government propose to take in this direction to ensuix
that no discrimination is made between Indian and other members of the UN Peace keeping force in Somalia?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI R. L. BHATIA): (a) to (c). In terms of the guidelines issued by the UiN and the terms and conditions issued by th: Ministry of Defence, Indian soldier, on deputation to the United Nations Feaca Keeping Operatoin in Somalia are to be paid compensation in the event of d.uth as per national regulations. The United Nations only reimburses the amount of compensation which national governments pay according to national regulations.

_ In the above situation the compensation given to soldiers from other countries are not on par with those given to Indian soldiers, as these would entirely de pend upon the regulations of the respective national governments.

India, with other developing countries, has been trying to ensure that UN adopts a system where there is no discrimination in the amounts erf conspesation paid in the event of death of a soldier on UN peace keeping duties, irrespective of his nationality.

Stopping the Ship taking Hajjs *toy* Sea

38. SHRI K. RAHMAN KHAN: Wi.l the Minister of EXTERNAL AFFAIRS be pleased to state:

• (a) the reason for stopping the ;hip taking the Hajis by sea;

(b) whether Government of India were subsidising the sea fares to the Hajis; if so, how much subsidy was given per Haji;

(c) whether Government have any proposal to.consider Private Sector to organise Ship Charter for Hajis; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN fHE MINISTRY OF EXIERNAL AFFAIRS (SHRI R. L. BHATIA): (a) and (b) Government has decided that all the piigirms will be carried by air beginning from Haj 1995. The reasons for discontinuation of ship are as follows:

1. The facility for travel by ship was available only to a relatively small inuiibsi of pilgrims as compared to the total r;amber of Indian pilgrims proceeding for Haj.

2. It was difficult to adhere to the time-frames prescribed by the Saudi authorities for arrival and departure of pilgrims to and from Saudi Arabia in the caj.i of sea pilgrims.

3 . S uidi authorities encourage tl.e performance of the Haj by air. They have created infrastructurai facilities for handling all the pilgrims coming by air.

4. Pi.grims going by ship had to stay for 65 days in Saudi Arabia as compared to 15 days for pilgrims by air. In view of high cost of living in Saudi Arabia, many pilgrims faced problems of run; .tog short of funds.

5. Till 1994, India was one of the four countries in the world which sent its pilgrims by sea also. For Haj 1995, only two neighbouring countries i.e. Egypt and Sudan will ferry their pilgrims across the sea.

6. The amount of subsidy, direct or indirect, for sea travel for Haj 1994 was Rs. 32,000 as compared to Rs. 5,000 per pilgrim by air. Government considers that expenditure on Haj could better be used to ameliorate the conditions of pilgrimage for all pilgrims.

(c) and (d) No. Sir: does not arise.
